VOLUME XXII

COLUMBIA, KENTUCKY, WEDNESDAY, MARCH 5, 1919.

NUMBER 19

## Due Earlier.

Income-Tax payments this year are due earlier than ever before. The first payment date is March 15, simultaneous with the final due date of the return required by the new Revenue Law.

"File and Pay by March" is the new slogan of the Internal Revenue Bureau. Acting Collector J. Rogers Gore is preparing to handle the flood of Income-tax payments that will reach him between now and the close of business on Saturday, March 15.

"Early payment of Income Taxes is of the utmost importance in meeting the Treasury's debts brought about by the war," explains Acting Collector Gore.

"The earlier payment this year should cause no hardship to taxpayers who, generally speaking, have anticipated the enactment of the new law.

"What is needed now is another practical display of that great spirit of co-operation which has carried over the top every big governmental objective.

"Every taxpayer who can possibly do so is urged to pay his entire tax when filing his return, on or before March 15.

"Don't wait until the final due date—March 15—for filing your return or paying your tax. Let us eliminate the last minute rush, so far as possible.

"Co-operation is the spirit of the time. It is vital to the Income Tax. Let us all get together and establish another record for Americanism."

Mr. and Mrs. J. A. English, of this place, have this to say about the announcement that appeared in all the daily papers, that their daughter, Miss Golda, was engaged to be married to Mr. Roy L. Hobdy, who was one of five who lost their lives when a seaplane fell in the water at Fisherman's Island, at Hampton Roads. "Our daughter is not at home," said Mr. English, "and the announcement was not sent out by her parents." Miss English is one of Columbia's best young ladies and is a most excellent teacher.

At Allen Walker's sale, last Saturday, stock sold as follows: Milch cows from \$60.00 to \$119 per head; coming yearling cattle brought \$30.00 per head; one bunch long yearling, 16 head, brought \$60.30 per head; one odd mule, \$170; two coming two year old mules, \$150 per pair; one pair mules coming 2, \$181; one pair coming two mules, \$502.50; one pair coming 3 year old mules, \$468.00; one pair 4 year olds, \$2.75; one lot hogs, \$140; 40 barrels corn, \$9.00 per barrel; farming tools brought good prices.

We were in error when we stated that Miss Josie Loy, of Olga, Russell county was operated on in Elizabeth Hospital, Lebanon. She was in Dr. Bolwick's infirmary, same city, and Dr. Bolwick was the operating surgeon. Mr. G. L. Rosenbaum has a son in the same hospital at this time.

## Good News for Soldiers.

Officers and soldiers being discharged from the military service at Camp Zachary Taylor began last week to receive \$60 bonus each under the act of Congress signed by President Wilson.

Since the signing of the armistice 68,320 discharges have taken place at the camp. These, privates and nurses will receive \$4,099,200.

Orders were received from Washington to the commanding general at the camp to start immediately the payment of the bonus to all persons leaving the service.

This bonus will be paid every officer, enlisted man and nurse discharged from the American military and naval forces.

The telegraphic order says, in part: "All persons serving in the military or naval forces of the United States during the present war who have since April 6, 1917, resigned or been discharged under honorable conditions will be paid the \$60 bonus."

The order says that officers will have one year from the termination of the war in which to make application for the bonus.

It states that all claims for the bonus by officers, privates or nurses must be forwarded direct to the Zone Finance. Officers, Lemon building, Washington, D. C.

## A Heavy Raise.

The State Tax Commission, now in session at Frankfort, raised Adair county, last week, \$475,000. County Judge Walter Sinclair and County Attorney W. A. Coffey left as soon as the news reached here for Frankfort. They returned Saturday night, stating that they went before the board showing it, that in their judgment, the raise was unjust. After the commissioner heard them it reduced the raise \$325,000 leaving the raise \$150,000. Good word for the county officials.

Circuit court drew a large crowd to Columbia last Monday. The court was convened at the regular hour, and by the middle of the day the grand jury was at work, under the usual instructions from Judge Carter. This branch of Court will probably be in session fully a week. The civil docket is light and will be cleared in a few days after being called. The grand jury is made up of twelve good men and will doubtless do its duty.

In a former issue of The News we stated that Randall Rice paid Mr. Jo Beard \$16,000 for his farm. We were misinformed as to the price. He received \$21,000. The farm contains about 260 acres and it is located on Green river, ten miles from Columbia.

## Demobilization Conference.

The Conference held at Camp Taylor, Feb. 17-22, in the interest of the returning soldier, was of unusual and far reaching import.

Rev. B. T. Watson, of Columbia, represented this county, and with 137 other men from various counties of the State, "Bunked in the Barracks and ate in the Mess House" with the boys. A similar Conference of two days will be held in Columbia Apr. 1st and 2nd. We are all interested in this. A dinner for returned soldiers will be held some hour during the first day. All fathers and mothers of the soldier boys are invited and requested to be in town with them that day.

The physicians, county officers, ministers, teachers, bankers, business men, farmers, and all interested in the life of our soldier boys are expected to lend their presence at this Conference.

We will have with us some "trained" visitors together with Mr. D. H. Lyon, district Superintendent of this work, to assist in making the Conference a success in every respect.

B. T. Watson,  
County Representative.

BLAIR & ELLIS.

Mr. G. E. Neil, of Gradyville, was in Louisville last week for the purpose of buying goods and selling his tobacco. He had quite a number of hogs, heads of Burley on the market, but he rejected all bids. The highest bid offered for his first-class tobacco was 29 cents. He was informed by the warehouse men that in all probability there would be a reaction in favor of the growers soon.

It is reported that a man named Kell, who lives near Kell's shop, on the Russell Springs road, was shot last Monday night week. He has been a vallant soldier for thirteen years, and was on duty in France from 1917 to 1919. While overseas he engaged in a number of hard fought battles. He commanded Battery B., 2nd F. A. He was highly appreciated by the men under him, and before they took their departure, having been discharged, they presented him with a beautiful silver urn, upon which was inscribed. "Presented to Lieut. Thomas Calhoun, Commanding Battery B., 2nd F. A., by a Period of War Men, 1917-1919." The token is highly appreciated by Lieut. Calhoun which will be kept as a souvenir and in remembrance of the faithful men who were under him so long as he lives.

## "On the Italian Front."

One dark night on the Plave's shore I stopped and listened to the cannons roar,  
The Italians weren't scared for they had been there before  
They had killed hundreds of Austrians and anxious to kill more.  
The Ardits soon went over the top with their death yell  
And the Austrians in front of them either scattered or fell.  
It was great and no man will ever be able to tell  
The number of Austrians they sent on their way to h-ll.  
They reached the front line trenches took many prisoners and guns  
And as usual Camrade, Camrade, just like their teacher's the Huns  
I could hear the shrapnel as it passed my head  
And the moans of the wounded, and smell the dead.  
I could hear the roar of the propellers from their airplane  
Going back to kill defenceless women and children again.  
Rains from the Alps had filled the Plave's banks  
So the Austrians were helpless on both flanks;  
Their only retreat was steel and pontoon bridges  
Which made good targets from the Italian ridges.  
The Italians went up the Alps after the dirty Huns  
Killed all of their crew and captured their guns.  
Getting ammunition high up in the Alps isn't an easy game  
But the Italians put hundreds of dumps there, just the same,  
Their Aviators are as good as ever sailed through the air  
I have witnessed many duels and they always fought fair.  
The Austrians used cannons, mustard and chlorine gas  
To keep the Italians from an important pass:  
I know such were used and I know it well,  
For in that advance is where I fell.  
I rolled and groaned with awful pain  
But raised up to try my luck again.  
Six of us in an ambulance all soaked with blood  
Headed for the dressing station through rain and mud.  
There is nothing on earth quite as good to kill your pain  
As pure wine, a pretty Italian nurse and plenty of champagne,  
I drank their champagne and sampled all wine,  
Admired their nurses, who looked rather fine.  
I wasn't there long I am very sorry to say  
Wine, champagne and pretty nurses didn't pay.  
They turned me loose told me I could go  
And believe, boys, that was an awful blow,  
I soon packed up and was on my way,  
Dodging submarines towards U. S. A.  
The United States looks good to every one,  
But give me Italy where I had the most fun.  
Oral L. McClure,  
1st Sgt. Hq. Troops 10th Div.  
Camp Funston, Kan.

**EVERYBODY IS  
NOW FIGURING  
INCOME TAX**

In Order to Be Helpful to Public,  
Internal Revenue Bureau  
Has Every Available  
Officer in Field.

**SEVERE PENALTIES IF YOU  
DELAY BEYOND MARCH 15**

With the due date for Income Taxes  
only a few weeks away, the collection  
of this far-reaching tax on 1918 In-  
comes has started off with a bang.  
Everybody is figuring Income tax.

Payments and sworn statements of  
income must reach Internal Revenue  
offices on or before March 15, and there  
are severe penalties for delinquency.

Residents of Kentucky should make  
their returns and pay their taxes to  
the nearest of the following: Josh T.  
Griffith, Owensboro; J. Rogers Gore,  
Louisville; Charlton B. Thompson,  
Covington; Elwood Hamilton, Lexing-  
ton; John W. Hughes, Danville.

"Pay your Income Tax by March  
15," is the slogan of the Internal Re-  
venue Bureau, which has sent every  
available officer into the field to help  
the public to understand the require-  
ments and to prepare the returns.

**Who Must Make Return.**

It is estimated that many thousands  
of single and married persons in this  
section of the United States who have  
never before made annual returns are  
required to do so this year.

income tax returns must be made  
between now and March 15 by persons  
who come under the following classi-  
fications:

Any unmarried person whose 1918  
net income was \$1,000 or over. Wid-  
ows and widowers, divorcees and mar-  
ried persons who are living apart from  
their husbands or wives, are for the  
purposes of the Income Tax classed as  
unmarried.

Any married person living with wife  
or husband whose 1918 net income was  
\$2,000 or over. The income of both  
husband and wife must be considered,  
together with the earnings of minor  
children, if any.

**Revenue Bureau Offers Aid.**

Each person in the United States  
who is in either of these classifications  
must get busy at once if penalties are  
to be avoided. He should secure a  
blank Form 1040 A for reporting net  
income up to \$5,000, or Form 1040 if  
his net income exceeded that amount.  
Forms are being distributed by Collec-  
tors and their Deputies, also by banks.  
By following the instructions on the  
forms a correct return can be prepared  
at home. If a person needs advice or  
aid, the Deputy Collectors in the field  
will furnish this without charge.

The new Revenue law places the In-  
come Tax duty on citizens and resi-  
dents. The Internal Revenue Bureau  
is sending its men to work right with  
the public to get the tax and the re-  
turns in. With active co-operation  
every tax due March 15 will be paid  
and every return required by law will  
be in the Revenue offices on time.

**Exemptions Are Allowed.**

A single person is allowed a personal  
exemption of \$1,000. If he is support-  
ing in his household relatives who are  
dependent upon him he may claim the  
status of the head of a family who has  
the same exemption as if married.

A married person who lives with  
wife or husband is allowed a personal  
exemption of \$2,000. The head of a  
family is entitled to claim a similar  
personal exemption.

An additional exemption of \$200 is  
allowed for each person under eight-  
een or incapable of self support who  
was dependent upon and received his  
chief support from the taxpayer.

A husband and wife living together  
are entitled to but one personal ex-  
emption of \$2,000. If they make sepa-  
rate returns the exemption may be  
claimed by either or divided.

**Accuracy Required.**

Absolute accuracy is necessary in  
making up income figures. Any per-  
son who is working for wages should

know exactly how much he received  
during the whole year 1918. Fees,  
bank interest, bond interest, dividends,  
rents received and all other items  
must be reported correctly. Mere  
guesses are not accepted, for they are  
unjust alike to the taxpayer and the  
Government and defeat the proper ad-  
ministration of the law.

\*\*\*\*\*  
\* INCOME TAX IS \*  
\* TRULY POPULAR. \*  
\*\*\*\*\*

"The payment of income taxes  
takes on a new significance,  
which should be understood by  
every citizen. The taxation sys-  
tem of this country is truly pop-  
ular, of the people, by the peo-  
ple and for the people. Every  
citizen is liable to tax, and the  
amount of the tax is graduated  
according to the success and for-  
tune attained by each individual  
in availing himself of the oppor-  
tunities created and preserved  
by our free institutions. The  
method and degree of the tax is  
determined by no favored class,  
but by the representatives of the  
people. The proceeds of the tax  
should be regarded as a national  
investment."—Daniel C. Roper,  
Commissioner of Internal Re-  
venue.

**THIS TELLS HOW TO  
FIGURE INCOME TAX**

Squarely Up to Every Individual  
to Get Busy by March 15  
or Suffer Penalty.

"Don't wait until the final due date,  
March 15th, for paying your Income  
Tax and making your return. Avoid  
the last minute rush. Any person can  
figure out his liability today as well as  
he can next week, and if there is any  
point on which he needs advice he can  
now get in touch with a Revenue man."

This word of advice is being given  
out by Internal Revenue men. Re-  
turns and payments are being col-  
lected in Kentucky by the following  
Collectors of Internal Revenue:

Josh T. Griffith,  
J. Rogers Gore,  
Charlton B. Thompson,  
Elwood Hamilton,  
John W. Hughes.

Every aid of their offices and field  
forces is being given freely to the  
public.

But the Income Tax men will not  
pull your door-bell or your coat-tails,  
according to the Collector's announce-  
ment. It is squarely up to every in-  
dividual to figure out his own case and  
to get busy if he comes within the  
scope of the new Revenue law.

**Did You Earn This Much?**

Every unmarried person who

received income averaging \$19.25 a week  
during 1918 and every married couple  
who jointly received income averaging  
\$38.50 a week should secure at once  
from the nearest Deputy Collector or  
the nearest bank a blank Form 1040 A.  
That form contains the information he  
will need to enable him to figure his  
correct net income and any tax that he  
owes the Government.

The law requires that every unmar-  
ried person who had a net income of  
\$1,000 or over and every married per-  
son whose net income was \$2,000 or  
over (including the income of husband  
or wife and the earnings of minor  
children, if any) must make a return  
on or before March 15th. And this re-  
quirement does not hinge on whether  
the person owes a tax.

**Taxable Income.**

An individual must include under  
gross income all gains, profits and in-  
come derived from salaries, wages or  
compensation for personal service of  
whatever kind and in whatever form  
paid or from professions, vocations,  
business, sales or dealings in property  
of all kinds, interest, rent, dividends  
or profits derived from any source  
whatever. Very few items of income  
are exempt.

Deductions include ordinary and nec-  
essary business expenses, interest paid  
or accrued on indebtedness, taxes of  
all kinds except Federal income and  
excess profits taxes and assessments  
for local benefits, losses actually sus-  
tained, debts ascertained to be worth-  
less and depreciation on buildings, ma-  
chinery, fixtures, etc., used in business.  
A further deduction is allowed for con-  
tributions to corporations operated for  
religious, charitable, scientific or edu-  
cational purposes or for the prevention  
of cruelty to children or animals to an  
amount not exceeding 15 per cent of  
the taxpayer's net income as computed  
without the benefit of the contribution  
deduction.

The taxpayer is not allowed to de-  
duct any personal, living or family ex-  
pense, any amount spent for improving  
property or making good its exhaus-  
tion for which an allowance is claimed  
under depreciation.

**Figuring the Tax.**

Before figuring the normal tax the  
dividends are deducted as credits from  
net income, together with the personal  
exemption. As in previous years, divi-  
dends of domestic corporations are ex-  
empt from normal tax when received  
by the stockholder.

The normal tax rates for citizens  
and residents are as follows: On the  
first \$4,000 of net income in excess of  
the credits the rate is 6 per cent; on  
any further taxable income the rate is  
12 per cent.

The surtax rates apply to net in-  
come of each individual in excess of  
\$5,000. The personal exemption and  
the dividends are not deductible before  
computing surtax. In the case of re-  
turns by husband and wife, the net  
income of each is considered separately  
in computing any surtax that may  
be due. Form 1040 should be used for  
making returns of net income exceed-  
ing \$5,000, and the instructions on that  
form will show how to figure the sur-  
tax.

**Business House Returns.**

Employers and others who paid  
wages, salaries, rents, interest or sim-  
ilar determinable gains in an amount  
of \$1,000 or over during 1918 to any

\* INCOME TAX PAYS \*  
\* FOR PUBLIC BENEFITS. \*  
\*\*\*\*\*

"Viewed in its largest and  
truest sense, the payment of  
taxes is payment for benefits  
received or expected. Only from  
a narrow and essentially selfish  
and shortsighted viewpoint can  
the individual propose to him-  
self the evasion of tax liability  
as a desirable course of action."  
—Daniel C. Roper, Commis-  
sioner of Internal Revenue.

**PAY AND FILE  
INCOME TAX  
BEFORE MAR. 15**

U. S. Internal Revenue Bureau  
Gives Warning That Severe  
Penalties Will Be Enforced.

**WOMEN WITHIN LAW'S SCOPE;  
HOW THEY REPORT INCOME**

The Income Tax drive comes to a  
close on Saturday night, March 15.

All payments and returns due on  
that date under the provisions of the  
new Revenue Law must be in the  
hands of local Internal Revenue Collec-  
tors before their offices close that night.

The Income Tax is being collected to  
meet the war expenses. Every person  
who shouted and tooted his horn on  
Armistice Day is now called upon to  
contribute his share of the cost of win-  
ning the war.

The laggards and the dodgers will  
face severe fines and jail sentences.  
The Internal Revenue Bureau an-  
nounces that its officers will check us  
all up to see that every person who  
comes within the scope of the Income  
Tax law did his share.

**The More You Use Your Car  
The More You Need Good Tires**

Your car's usefulness is increasing every day.

It is becoming more and more of a real necessity  
to you—both in your business and home life.

For that very reason you need good tires, now,  
more than ever.

The out-and-out dependability that created so  
tremendous a demand for United States Tires in  
times of war is just as desirable today.

It reduces tire troubles to the vanishing point—  
multiplying the usefulness of your car and putting  
the cost of operation on a real thrift basis.

United States 'Nobby', 'Chain', 'Usco', and 'Plain'  
are the most popular fabric tires built. They have  
all the strength and stamina our years of experience  
have taught us to put into tires.

There is also the United States 'Royal Cord',  
the finest car built for passenger car use.

Our nearest Sales and Service Depot dealer has  
exactly the treads you need for your car and the  
roads you travel.

He will gladly help you pick them out.

**United States Tires  
are Good Tires**

**Where to Pay and File.**

Residents of Kentucky should make  
their returns and pay their taxes to  
the nearest of the following: Josh T.  
Griffith, Owensboro; J. Rogers Gore,  
Louisville; Charlton B. Thompson,  
Covington; Elwood Hamilton, Lexing-  
ton; John W. Hughes, Danville.

Payments sent by mail should be at-  
tached to the returns and should be in  
the form of check, money order or  
draft. Cash payments by mail are sent  
at the taxpayer's risk of loss.

If you are unable to make your re-  
turn personally because of illness, ab-  
sence or incapacity an agent or legal  
representative may make your return.

If there are any doubtful points as  
to your items of income or allowable  
deductions you should get in touch at  
once with a Revenue officer or a bank-  
er for advice.

**Women Pay Tax.**

Women are subject to all the require-  
ments of the Income Tax. Whether  
single or married, a woman's income  
from all sources must be considered.

If unmarried or if living apart from  
her husband she must make her return  
for 1918 if her net income was \$1,000  
or over.

If married and living with her hus-  
band her income must be considered  
with the husband's in determining the  
liability for a return. Their joint in-  
come, less the credits allowed by law,  
is subject to normal tax. The wife's  
net income is considered separately in  
computing any surtax that may be due.  
Husband and wife file jointly, as a  
rule. If the husband does not include  
his wife's income in his return the  
wife must file a separate return.

**Severe Penalties.**

The new Revenue Law places severe  
penalties on a person who fails to  
make return on time, refuses to make  
return or renders a fraudulent return.  
For failure to make return and pay tax  
on time a fine of not more than \$1,000  
is named and 25 per cent of the tax  
due is added to the assessment. For  
refusing wilfully to make return or  
for making a false or fraudulent re-  
turn there is a fine of not exceeding  
\$10,000 and imprisonment of not ex-  
ceeding one year, or both.

## CENTENARY MOVEMENT IN THE COLUMBIA DISTRICT

Dear Bro.:-

We celebrate this year of our Lord—1919, the organization of Missions, by the Methodist Church in the United States of America. One hundred years ago next April the 5th the first Missionary Society, by the Methodists was organized. One hundred years of toil and sacrifice are behind us. While much has been done, much money and many noble lives have been given to answer the prayer of the Son of God, that He might have the heathen for His inheritance, and the uttermost parts of the earth for His possession, yet much more should have been accomplished.

The Centenary, is the greatest movement in the history of the Church, and every Methodist in our District, of ten thousand members, ought to celebrate this marvelous event with grateful, joyful hearts. For the celebration of this epochal year of tremendous privileges and opportunities we have a thorough and compact organization.

For the information and inspiration of the pastors and laymen of the Columbia District there will be held in the Methodist Church, at Columbia, Ky., March the 19th, 1919, the District Council, presided over by Judge Charles Williams, of Hodgenville, Ky., Conference Director. The meeting will begin at 10 A. M. On the evening before, March the 18th, at 7 P. M., in the Methodist Church, a great mass meeting will be held, Judge Williams, Rev. J. B. Adams and others will speak.

This is a meeting pastors and laymen cannot afford to miss. Every one needs the information and inspiration this meeting will give. It is the most important meeting in the District as regards the great movement. Plan now to come. You must not miss it. Be here the evening of March the 18th for the great Mass Meeting. Come, you will be entertained. Come without fail. It is important.

At this meeting no collection will be taken.

DISTRICT CENTENARY COMMITTEE.

## DOMESTIC SERVICE COURSES PLANNED

Trained Home-Maker Is to Have an Eight Hour Day and Standard Minimum Wage.

Courses for training home assistants, who will go into the home by the day, hour or week and work on a schedule of hours and fixed wages, have been inaugurated by the Young Women's Christian Association as a means for meeting the problem of domestic service.

The object of this course, now being tried out in New York City, is to place domestic service on the same dignified basis as clerical work, trained nursing or other professions open to women.

The home assistant will work eight hours a day for a salary of \$15 a week. She will not live in the home of her employer or take her meals there. She will have an hour for luncheon, when she can go to a restaurant or eat a lunch which she has brought with her just as she would were she employed in a factory. The employer will not address the home worker by her first name. She will be Miss Smith or Mrs. Brown, as the case may be.

Applicants for the course are carefully selected, and registrants are appearing in large numbers. With the same independence as to recreation hours, places of eating and living as the factory girl, house-work has a greater appeal, as being a less monotonous and more interesting work to the average woman.

The course is a thorough one in plain cooking, waiting on table and door, chamber work, plain sewing, care of children, making of menus and the washing and ironing of light things. Heavy work is to be done by outside workers. On graduation the student receives a certificate which proves her qualification as a dependable home worker capable of attending to all ordinary duties in a home.

The Young Women's Christian Association has been interested in the problem of domestic service both from the standpoint of the employee and from that of the employer for some years. The first commission on Household Employment made its report at the fifth national convention of the Young Women's Christian Association held in Los Angeles, Cal., in May, 1915.

The difficulties of attracting capable women in this field of work were laid to the long hours, lack of independence in arranging recreation hours, lack of opportunities for growth and progress and lack of social standing.

Girls have acquired a distaste for the conditions which govern household work since the freedom they have experienced in working in munition factories. By standardizing domestic service it is believed by the Young Women's Christian Association that a higher type of worker may be attracted to the necessary work in homes.

The American Y. W. C. A. has opened a Hostess House in Germany, which will serve as a residence house and social center for American women war workers who have advanced to do canteen, Red Cross and Signal Corps work with the Army of Occupation.

## WOMEN BEGIN Y. W. C. A. FOREIGN TRADE COURSES

Courses in New York City Prepare Girls for South American Jobs.

Sensing a sudden call to jobs for American women in South America, the New York City Y. W. C. A. has opened Foreign Trade courses, including classes in shipping, filing orders, trade acceptances, tariff, consular invoices, documents, insurance, mail order trade and other lines of international work hitherto left mostly to men. These classes are designed to meet after-war needs.

South America is receiving particular attention as the Y. W. C. A. is informed of new jobs that are opening in the southern countries. Many girls in New York who combine a desire to see the world with a craving for financial independence are registering with the expectation of going there to get positions when their courses in training are completed.

## WOMEN'S COUNCIL MEETS IN PARIS

Eighty Well-Known French Women Guests of Y. W. C. A. for Opening Session.

Paris, Feb. 2.—Eighty of the most prominent women in France who are interested in all women's problems attended the first meeting of the Provisional Council of the American Young Women's Christian Association, held at Paris headquarters, 8 Place Edouard VII, Jan. 30.

Mrs. Robert Lansing, wife of the Secretary of State, who is first vice-president of the council, presided, conducting all sessions in French, as two-thirds of the members represent French associations with whom the Y. W. C. A. has been co-operating.

All women in France are looking forward to the findings of the council, as of tremendous importance not only to women in France, but all over the world. The purpose of the council is to collect and make available information about conditions and needs of women, to become acquainted with women who are identified with different kinds of work and to develop a few typical illustrations which will set standards for future permanent work.

Following are the societies represented: Union Chretienne des Femmes, Student Movement, Foyer des Aliees, Amies de la Jeune Fille, National Council of Women. Among the delegates were Mme. Jules Siegfried, Mme. Avril de St. Croix, Baroness Watteville, Countess Pourtales and Mme. Waldegrave of London.

Mrs. William G. Sharp, wife of the ambassador to France, is honorary chairman of the council and Mrs. Francis McNeil Bacon president pro tem. Miss Charlotte Niven, director of Y. W. C. A. work in Italy, is secretary.

Departmental and provincial groups will hold meetings weekly to discuss local problems, the entire council meeting at the end of each month. In April at the last meeting, each group will decide how the information and experience may be used most effectively in the future.

Delegates are guests at the Hotel Petrograd, the Y. W. C. A. Lodges House in Paris.

## Y. W. C. A. PROMOTES WORLD FELLOWSHIP

Will Send Industrial Commission to Meet Foreign Labor Leaders.

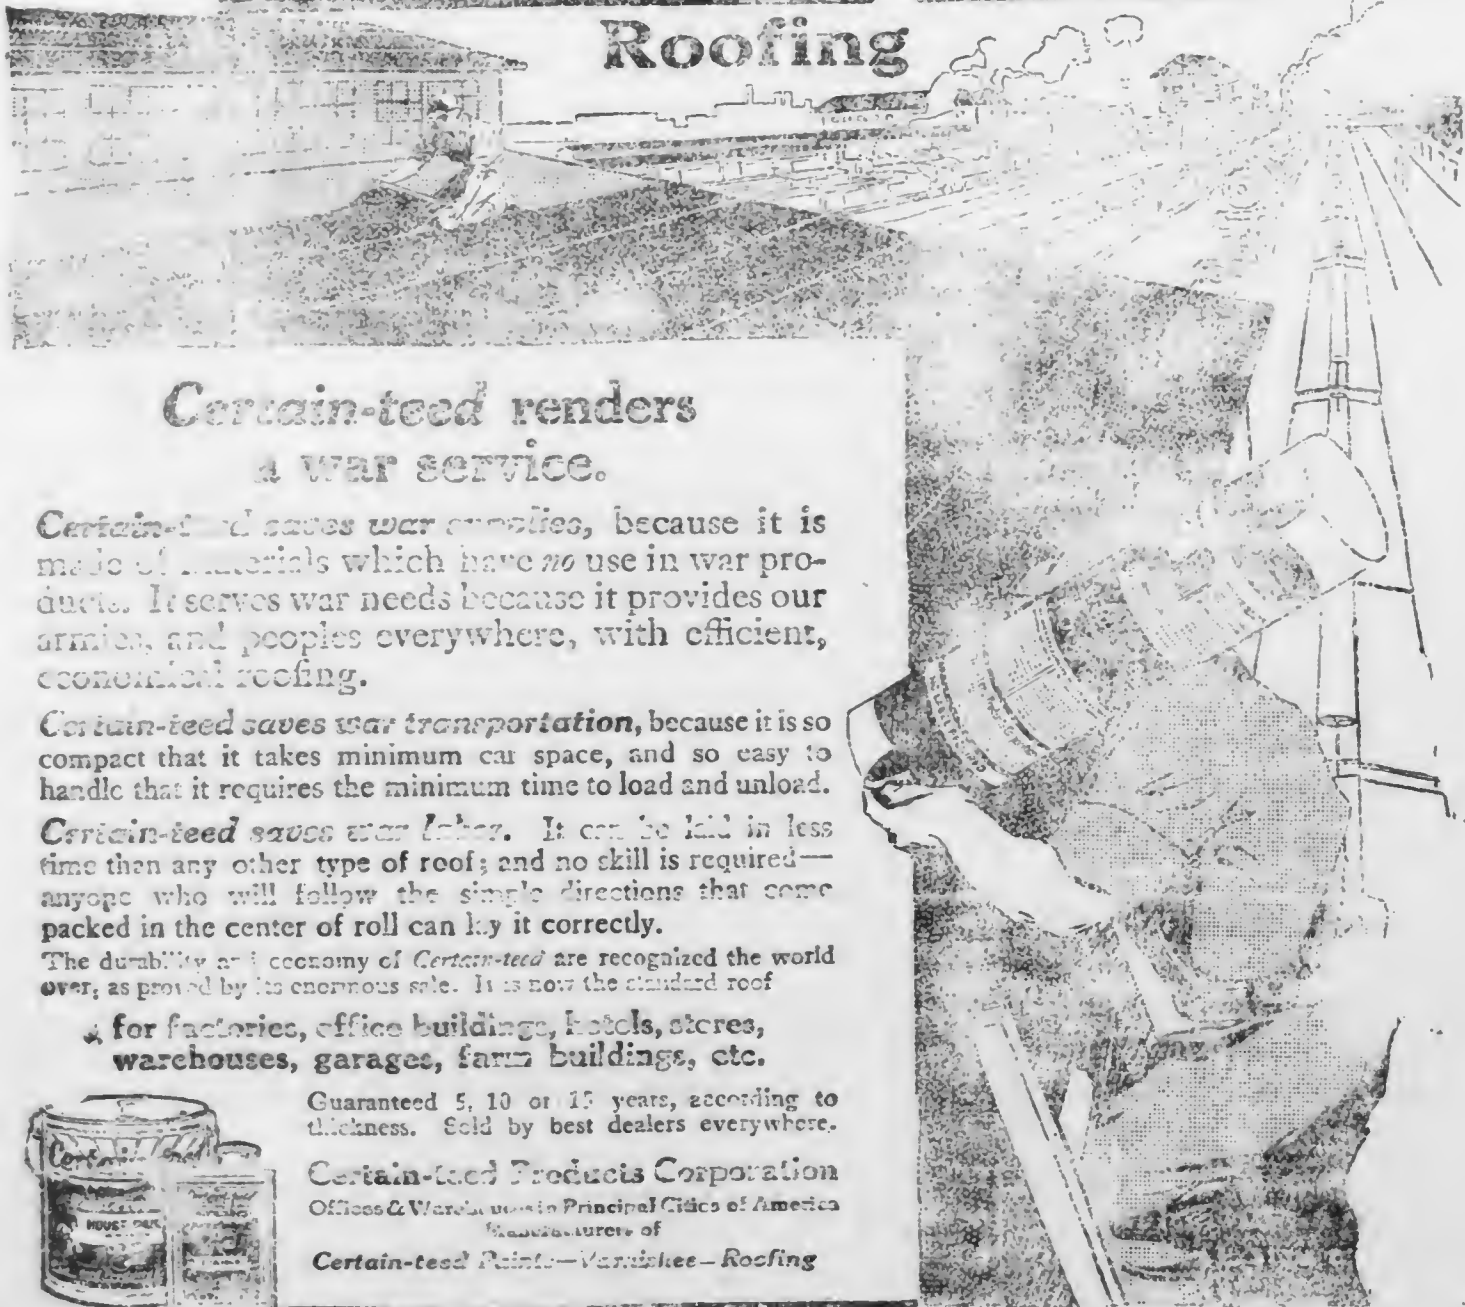

The War Work Council of the Young Women's Christian Association plans to send an industrial commission of women to England, France and Italy in April to meet prominent labor leaders of those countries with a view to promoting world fellowship among women.

The commission will be made up of Mrs. Raymond Robbins, representing the National Women's Trade Union League of America; Mrs. Irene Osgood Andrews, American Association for Labor Legislation; Miss Grace Drake, National Consumers' League; Mrs. James S. Cushman, chairman of the War Work Council of the Young Women's Christian Association; Miss Florence Simms, Miss Marie Wing and Miss Imogene B. Ireland, secretary to the commission, all of the Y. W. C. A. and Miss Mary Gilson, an authority on employment management.

Miss Florence Simms says in regard to the commission: "The war has forced upon us the bearing of international relationships in all things, and our touch with women in other countries has made us include in our international thinking the industrial life of women. The war has wrought so many changes in this that it seems a timely thing that women interested in the larger life of our men workers should take counsel together and express their interest with the hope that certain minimum standards which seem essential to health and welfare among women may be agreed upon and obtained."

Our War Work Council is sending abroad this women's commission from organizations in America directly concerned with the welfare and largest life of industrial women.

## pay and File Income Tax—

Continued from page 2

### Farmers' Income Taxable.

Every farmer and ranchman who had a fair or a good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from his gross income all amounts expended in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for resale or for breeding purposes, is also regarded as investment.

### Overtime and Bonuses Taxed.

Salary and wage earners must consider as taxable every item received from employers and from other sources. Bonuses and overtime pay are to be reported as well as the regular payments.

### Allowances for Losses.

Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction undertaken for profit or arising from fire, storm, shipwreck or other casualty or from theft.

## GILTS ARE PRIZES.

The boys and girls of the Nelson County Pig Club will have some big prizes for which to complete this season. A leading breeder of Durocs in that County has offered \$25 in cash and four registered Duroc-Jersey gilts. He evidently believes in having his stock developed as he has offered to pay \$100 for the gilt winning first prize.

## DOGS NUMBER MILLIONS.

A recent writer in the Breeder's Gazette places the dog population of the U. S. at about 30,000,000. If this estimate is anywhere near correct, it means that dogs are consuming an enormous amount of food which could be sent to starving people abroad. Besides the food eaten, dogs destroy poultry, sheep and many birds which are the farmers best friends.

## GET IT RIGHT NOW.

Everybody tried to have a good garden last season to help win the war. Every body wants to have a bigger and a better one this year to help feed a hungry world. If the garden is to be bigger and better, a small, first class help may be had by writing to the College of Agriculture for Circular No. 67. It is now on the press so it is an up-to-the-minute publication for the up-to-date gardener whether his garden is on the

farm or in a back yard in town. A post card will bring it.

## Methodist Pastors to Get Salary Raise.

Many Methodist ministers in every Southern and Western State who have been trying to exist on infinitesimal incomes during the past year will have their salaries raised within next few months. This very practical and definite step is to be taken by the Methodist Episcopal Church, South, following the financial drive of that denomination in April. The drive, which has \$35,000,000 as its goal, has been undertaken with a view to putting the work of the church on a business basis, the raising of the salaries of their underpaid pastors being considered one of the first matters of importance.

There are 866 salaries now \$400 or less which will be raised to \$600; 485 salaries now \$400 and \$500 which will be raised to \$600; 588 salaries now \$600 and \$700 which will be raised to \$1000 a year; 637 salaries from \$700 to \$800 to be raised to \$1000; and 180 salaries ranging from \$800 to \$900 which will also be raised to \$1000. The supplementing of these salaries will be required \$2,850,000 during the forthcoming five years and the success of the Centenary drive will make their increase immediately possible.

Practically every city and town throughout the length and breadth of Southern Methodism will be affected it is declared at the headquarters of the denomination in Nashville, and every Methodist man and woman who pulls to on the Centenary drive will be helping to make possible better and happier living conditions for the underpaid pastors in their midst.

### Gradyville,

We are having a few days of cold March wind.

Strong Hill, the well-known Hardware man, of Glasgow, was calling on our merchants the first of the week.

Dr. L. C. and G. E. Nell were on the tobacco market in Louisville a day or so of last week.

G. T. Flowers, who has been confined to his room for the past ten days with hiccoughs, is improving at this time.

Miss Christine Nell, who has been teaching here for the past month or so, is getting along nicely with her school and has a very good attendance.

Mr. J. Stapp, of Montpelier, passed through here last Thursday, en route for Weed, where he will be engaged several days working on saws for Moore & Co.

Mr. T. W. Dowell, our old neighbor, of Campbellsville, called in to see us one day last week, while he was over finishing up some of his unsettled business. He informed us that they were all highly pleased with their new home and were getting along nicely farming.

Mr. J. J. Hunter, of Fort Worth, Texas, an up-to-date business man, as well as one of our old neighbors and merchants, is spending this week with his brother, Josiah. Jim, as we all call him, is looking fine and is enjoying the best of health and brings us good news from the oil fields that he is interested in, and by the way we are glad to report that he is having a good business for his Company while he is spending a few days with his many friends in this community. We see no reason why this is not a good investment for everybody.

A little child of George Parson died last week with a complication of troubles.

Messrs. Wilson & Coomer, who have bought a large amount of tobacco in this section in the last sixty days and paid liberal prices for the weed, are in Louisville this week visiting the market.

We have several cases of flu in this section of the county at this time.

Our old friend T. R. Stults of Columbia spent a day or so in our town last week, looking after insurance. He certainly is the right man in the right place.

Mr. Luke Shirrell who has been living in our community for the last two years, has recently sold his farm to Mr. Robert L. Sneed for fourteen hundred dollars. This farm is known in this section as the late Arch Shirrell farm. Mr. Shirrell and family will move back to Taylor county on Green river. We regret to give this good family up. We have found them to be good people. Mr. Shirrell is strictly a business man and square and straight in all his dealings with his fellowman.

Mr. George Flowers Sheriff of Wayne county was by the bedside of his father a day or so of last week. We were all glad to see George once more, as he is just the same boy he was when C. Yates and him and your reporter would indulge in their social games around the store after supper and the boys would call for oysters when they never was known to have any change in their pockets to pay for them.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. American Book Company. He is considered a close political friend of Gov. Stanley, as is Mr. Klair.

What is considered a significant fact in connection with the readers is that the representative of the Winston company was a fellow employe of Phil Grinstead with the American Book Company.

There was no change in the copybooks contract, this already having been held by the Transylvania Publishing Company.

The new physiology is by Dr. W. L. Heizer, former State Registrar of Vital Statistics and secretary

of the Tuberculosis Commission. It is published by the State Journal Company, of Frankfort. This book is for use in the higher grades and does not disturb Gulick's Good Health, which is used in the lower grades.

The physiology and Grinstead's speller were submitted in manuscript and in a dummy form showing the number of pages, size and style of binding. This, Superintendent V. O. Gilbert explained, was allowed by a ruling adopted by the commission and indorsed by the Attorney General, the purpose of which was to give the children an opportunity to get the latest and most improved textbooks.

It is also considered significant that, while the Textbook commission did not hand down its announcement of adoptions until late Friday afternoon, practically every book agent in Frankfort had a list of the books adopted in his possession the night before.

## Y. W. C. A. OPENS WORK IN ITALY

Tea and Club Rooms Opened for American Women.

Miss Charlotte Niven, Director of Italian Work, Prepares for Influx of American Woman Students.

Italy is now included in the war work of the American Y. W. C. A.

Miss Mabel Warner of Salina, Kan., and Chicago left Paris a few days ago for Rome, where she will be in charge of a Hostess House for American girls employed there by the American Red Cross, the Embassy and the new Tuberculosis Commission. Miss Warner has been director of the Y. W. C. A. Hostess House at Brest, France.

Miss Warner will open a tea room and club rooms where the American women can gather for social times. Rome is harboring a refuge population of about 40,000 and accommodations are difficult to find.

The work in Rome was started as a direct result of the appeal of Miss Charlotte Niven, one of the National Y. W. C. A. secretaries in Italy, who is spending a few months in France as advisor in the French work.

Miss Niven's dreams of Y. W. C. A. work in Italy include the maintenance of a residence for non-Italian women, who, she feels, will come to Italy in great numbers after the war to study music and art.

"I believe at this time such a project is particularly important because women from other countries should be encouraged to come to Italy to replace the great numbers of German women who flooded Italy in the past, many of them paid agents of their government," Miss Niven said in discussing her plans.

Miss Niven has asked the American Y. W. C. A. to aid the Italian Association in establishing a center, perhaps at Genoa, with two American secretaries, with physical and recreational training, to act as a training school for Italian women. In connection with it her plan would include a Hostess House for girls passing through the city or employed there. Such a center would become eventually the center for all Y. W. C. A. work in Italy, both Italian and foreign.

In her formal appeal for help for the Unione Christiana Delle Giovani (the Italian name for Young Women's Christian Association) Miss Niven has emphasized two facts, the poverty of the Italian Association on the one hand and the need and opportunity on the other for an American program in Italy at the present time.

Miss Niven's favorite way of illustrating the friendliness of the Italian woman to America is by telling the story of the Italian mother who said she had taken down the picture of the Madonna which had hung for many years over her bed and was putting it in its place one of President Wilson.

"In our work in the Unione we have lacked trained leadership as well as the material resources to give such training. We have had no means to buy modern equipment. Consequently we have not the visible results of American and British work."

"Feeble as our work may be, it is not useless. Many girls in all parts of Italy have told us how much the Unione meant in their lives. Italian girls are touchingly grateful for the smallest efforts. They respond eagerly to friendliness."

"There is no other agency doing in Italy what the Association is trying to do."

Miss Niven has spent the past seven years in work with the Italian women, starting as director of a hostel, or boarding home, for Italian women students at Florence. She is an American from New York, where she was one time head of the Christadora Settlement House.

## WOMEN LEARNING MASSAGE.

German town Y. W. C. A. Trains Women for Reconstruction Work Among Soldiers.

Educational courses to prepare women as aides in the rehabilitation of wounded soldiers have been opened at the German town, Pa., Young Women's Christian Association.

A reconstruction massage course, lectures in anatomy, physiology, muscle work and remedial movement massage, theory and practice, electrotherapy and hydrotherapy are given by doctors and nurses, who also supervise practical work at the Y. W. C. A. and at hospitals. The courses are recognized by the Surgeon General.

Similar courses have also been opened in the New York City Central Branch Y. W. C. A., where a specialty is made of brush-making with a view to training women as teachers for reconstruction hospitals.

The Canadian Y. W. C. A. has received permission to place a Y. W. C. A. secretary on every ship leaving England with 200 or more women and children on the passenger list.

The secretary fulfills the same function for the women as the Y. M. C. A. secretary has for men on transports. She plans entertainments and recreation for women and children and is a friend to whom they may come if they are in distress.

## Why Do Louisville People Choose The Louisville Herald As Their Morning Newspaper?

The answer is very simple; Louisville people prefer The Herald as their morning paper because they know that The Herald is, first of all, a newspaper.

That it is always first with the news when it is news; that its news is authentic; that it may be depended on.

These are the primary reasons why most Louisville people when buying a morning newspaper choose the Louisville Herald as their favorite morning newspaper.

### All The News Of The World, The Country, The State and The City.

is furnished daily to Herald readers, through the medium of such news service as the Associated Press, the Universal Service, the Newspaper Enterprise Association, and other foreign cables.

News of the world of sports is more than a tabulation of sporting statistics as compiled for The Herald's sport page. It is different, in that the human element is considered—The Herald's sport page is first of all interesting, then entertaining, then instructive.

The financial world is thoroughly covered by the daily financial page, giving the latest reports of the various stock exchanges and bond markets, and keeps one fully informed as to the latest quotations on all fluctuating commodities.

In addition to its news features you will find daily in The Herald among other interesting features, a Fontaine Fox Cartoon, "Bringing Up Father," an Edgar Guest poem, Tad's "Indoor Sports," brilliant editorials, a magazine and woman's page; you'll find, in fact, in each copy of your Herald something for each member of the family.
